Dear Mr Huang

Congratulations on winning both the NTICN Manufacturers Industry Award and the Darwin Port Corporation Agribusiness Award in the 2006 Export Awards.

The awards attracted a large number of entries, which were all of a high standard.

New export businesses are important to the Territory's economic base. Successful exporting of spirulina to Asian markets is proof that Territory businesses such as your can meet this demand and offer products that are top quality.

Congratulations and well done.

Yours sincerely
